Complete product range

The companies of m.schneider have designed and produced fuse links of high quality for 80 years. As a complete supplier of fuse-systems the production programme comprises a full range of NH-fuse links.

Characteristic:	„gG“, „gTr“, „aM“, „aR“
Size :	000, 00, 0, 1, 2, 3, 4, 4a
Rated voltage:	400 V AC, 250 V DC, 500 V AC, 440 V DC, 690 V AC, 800 V AC
Rated current:	2 A – 1600 A

EUROFUSE® NH-fuse links - types of indicator, tag and fuse element

Indicator

- ◆ Flat indicator
- ◆ Centre front indicator
- ◆ Rear centre indicator
- ◆ Multiple indicator

Tags

- ◆ Live tags
- ◆ Insulated tags (metal)
- ◆ Insulated tags (synthetic)

Fuse element

- ◆ Copper
- ◆ Silver plated copper
- ◆ Fine silver

M.SCHNEIDER IS NOW

merseN

- ⇒ Optimal selectivity
- ⇒ High breaking capacity
- ⇒ Resistance to ageing
- ⇒ High current limiting
- ⇒ Low power dissipation
